

IGNITE: CREATING AN EXCEPTIONAL CAREER

Imagine what it would be like to have a career that suits you perfectly. A career that keeps you happy in an environment that rocks! The line between work and play becomes blurred. Imagine looking forward to work every day.

THE INCUBATING ENTREPRENEUR

You don't talk about it with your colleagues. Maybe not even with your spouse. Walking away from a salary is too crazy—at least to them. Why, then, when everyone else is nodding off during the weekly meeting, you're daydreaming about opening a samba studio in the Lower East Side? You hear about executives leaving high-profile positions to pursue their entrepreneurial passions. How can you join their ranks and put the beat into your step without second-guessing yourself to a standstill?

At Talent Circle, we are exceptionally good at coaching **entrepreneurs**. We want to help you clarify your vision, overcome your fears, and share with you valuable business tips so that you can reach your goal of becoming a successful entrepreneur.

THE CAREER CHANGER

You are at a crossroads. You have spent most of your professional years building a career in your industry. You have expertise, knowledge, and can do your job better than anyone. Hey, you have reached a great point, except for the fact that you are bored! Your career just doesn't "do it" for you anymore.

How do you channel your enthusiasm, initiative, and all the years' experience working in your industry into a new fulfilling career path? You already know that something's gotta change, and the time has come to make it happen!

THE RELOCATED STAR

Your new promotion has spring boarded you into a bright, corner office... at corporate headquarters in New York. Relocating from Rio means more than just trading in your linen suit for a three-season pinstripe. You're ready to take on the over-caffeinated culture of US corporate, where competition is stiff and no one ever seems to take a break. But how do you hit the ground running? Who will help you acclimate to your new work culture without tarnishing your reputation for hitting targets with lightning speed?

Mastering corporate America's business culture is as challenging as it is underestimated. In our fast-paced culture, quick adaptation, understanding of the cultural environment, and developing of a support system are essential to survival and success.
